

## AMAA Prescription Opioid Epidemic: Know the Facts

AHEI (Alliance Health Education Initiative) awarded the AMAA funding to support the National Initiative, Opioid Misuse Awareness. These funds rolled over to the 2019-20 Alliance year and we were able to update the website page for the initiative, professionally update the AMAA/PTA webinar, America's Opioid Epidemic: Know the Facts, and provide a \$100 discount to Alliances ordering our resource materials available on the website [www.amaalliance.org](http://www.amaalliance.org)

Upon completion of these actions, we were able to supply all state Alliances samples of our Prescription Opioid Epidemic: Know the Facts brochures, postcards and door hangers. They will be able to distribute them to their county Alliances and let them know they are available for purchase on the website and can be co-branded.

We are incredibly grateful to have received funding from AHEI. It is this partnership that enables us to work together to combat the opioid epidemic that will not go away.
